

MISIBIS BAY RESORT ASIA'S ULTRA LUXURY RESORT ISLAND PLAYGROUND

The joy of travelling is that each experience allows us to bask in the afterglow that follows a most memorable journey. Every once in a while, we are likely to visit a place that brings out that joy. Perhaps not in an earth-shattering kind of way, akin to the feeling of romantic love, but it stirs something in us—something immeasurable, in vast unspoken ways, and leaves unforgettable memoirs long after the trip has concluded.

Misibis Bay is one such escape. To discover a tropical sanctuary this side of the Bicol peninsula, where indulgence in a private address is extended only to discerning and affluent travelers, is a privilege in itself. Seamlessly merging land with sea, the alluring resort masterfully blends contemporary architecture with its remarkable and stunning surrounding. Though worlds away from the bustling metropolis, this secluded resort is just a 45-minute drive away from Legazpi City and is also accessible by helicopter transfer from the Legazpi airport or the use of a fast craft by sea from the Embarcadero port.

Misibis Bay is an ultra-luxurious, extravagant hideaway located in Cagraray Island. Built on a private, pristine stretch along the southern tip of the island, Misibis Bay Resort is now tagged as Bicol's most prestigious destination and Asia's luxury island playground. The resort's architecture and interiors display a quintessence of style that allows guests to completely wallow in royal delight.

Each structure is perfectly designed with high airy ceilings, large terraces and sun decks, and has direct access to the beach or the infinity pool, thereby lavishing guests with elegance and space. The large glass windows create a subtle transition from indoor living space to a spectacular outdoor environment. Imagine waking up to an unhindered view of the bright turquoise seas from a picture window of your deluxe beachfront villa. An absolute sight to behold in 360 degrees!

As proud as they are of their faultless design, the resort staff of Misibis Bay encourages guests to spend time outdoors. Guests can take a barefoot stroll in the exclusive 1-kilometer beach front, made more unique with exotic shells and volcanic rocks lining up the powdery white sand. At the beach activity center, a wide array of water sports and diving itineraries are available for guests to choose from.

Both young and old can test their adventure prowess by using an all terrain vehicle (ATV) around Cagraray Island, driving to several coves and inlets of small hilly jungles and fertile plains. While numerous biking or trekking routes also mark the island, most, however, are inaccessible at this point except for the very determined and able.

Back at the resort, it's customary for guests to satisfy their gustatory desires by indulging in a buffet of culinary delights at The Spice Market for lunch and DeLaPlaya beach grill at night for a most fantastic dinner. The resort serves Asian cuisine fused with Bicol's native spices. Afterwards, end your day in style with some royal pampering at the Misibis Spa, complete with a wide range of body, beauty and after-sun treatments.
